## **SITUATION SUMMARY**

#### **Cal OES SOUTHERN REGION**

#### Virulent Newcastle Disease (vND) in Chickens, Los Angeles and San Bernardino Counties

The California Department of Food and Agriculture (CDFA) has detected virulent Newcastle Disease (vND) in chickens in Los Angeles and San Bernardino Counties.

Per the Cal OES Southern Region AREP on 06/11/18 at 0757 hours:

- CDFA and the U.S. Department of Agriculture (USDA) have scaled up their response to this incident, as more cases have been detected.
- CDFA confirmed there are no commercial premises currently involved and there is no public health risk due to this virus.
- AmeriCorps volunteers will continue with their rotation through 06/15/18.
- As new areas require surveillance, parishes in these areas will be contacted.
- The Cal OES Agency Representative (AREP) is facilitating a contact with San Bernardino County Solid Waste Management Public Works (SWMPW) via San Bernardino County OES to determine the possibility of using sites for disposal of backyard dead birds.
- The agreement between USDA/CDFA and SWMPW is being finalized.
  - Landfill work group is seeking alternate sources for the disposal of dead birds. The Cal OES AREP continues to assist with gathering
    information, composting at fairgrounds, while others researched the National Veterinarian Stockpile. The Cal OES AREP contacted
    fairgrounds in San Bernardino County regarding a project to compost bird carcasses; environmentally acceptable method of disposal of
    normal poultry flock mortality.

#### **Activations**

• San Bernardino Operational Area (OA) EOC is activated to Level 3 (lowest level) and will continue to monitor the incident.

#### **Deployments**

1 Cal OES Southern Region Senior Emergency Services Coordinator deployed ICP as an AREP. Operational period of 0700-1900 hours.

#### Logistics

- USDA is inquiring with private real estate companies since they have the ability to lease directly as well as the DGS via CDFA.
- The ICP requested that the Cal OES AREP continue to pursue space at the Ontario International Airport as part of a contingency plan. An appointment with the Ontario International Airport Authority for 06/11/18 for a discussion between Logistics and the OIAA.
- See Fire Activity Slide.

National	Northern California	Southern California	
Preparedness Level 2	Preparedness Level 1	Preparedness Level 2	
	Multi-Agency Coordination System MACS Mode: 1	Multi-Agency Coordination System MACS Mode: 1	

Please note: The National and Regional Preparedness Levels are maintained by the National Multi-Agency Coordination (MAC) Group and are separate from Cal OES activation levels.

#### **INLAND REGION**

#### **Chrome, Vegetation Fire, Glenn County**

Location: Hwy 162 x Forest Hwy 7, north of Elk Creek Jurisdiction: State DPA, SRA, Tehama-Glenn Unit

Per Cal OES Duty Officers and ICS-209 as 06/12/18 at 0610 hours:

- 2,290 acres, 70% contained
- Expected Containment: 06/14/18
- 1 structure destroyed
- Resources continue to strengthen and patrol containment lines.

#### Apple, Vegetation Fire, Tehama County (Final)

Location: Apple Rd. x Paskenta Rd., 9 miles west of Corning

Jurisdiction: State DPA, SRA, Tehama-Glenn Unit

Per Cal OES Duty Officers and ICS-209 as 06/12/18 at 0559 hours:

- 2,956 acres grass, 100% contained
- Expected Containment: 06/11/18
- 3 structures and 6 outbuildings destroyed
- · No threats reported

## **FIRE ACTIVITY**

#### **SOUTHERN REGION**

#### Santiago, Vegetation Fire, Orange County

Location: Highway 241 x Santiago Canyon Rd. Jurisdiction: Local DPA, SRA, Contract County

Start Time: 1704 hours, 06/11/18

Per Cal OES Duty Officers and ICS-209 as of 06/11/18 at 2140 hours:

- · 155 acres grass, 10% contained
- Forward spread has been stopped
- · Continued commitment of CAL FIRE ground resources
- · CAL FIRE agency Rep assigned
- · Threat to transmission lines has been mitigated
- EOC Activation: Orange County EOC deactivated at 2115 hours, 06/11/18.
  - It was activated to Level 2 (low level) due to the need for a public information hot-line and basic EOC positions.

#### South, Vegetation Fire, Los Angeles County (Final)

Location: I-5 x Calgrove Blvd., City of Santa Clarita Jurisdiction: Local DPA, LRA, Los Angeles County

Per Cal OES Duty Officers and ICS-209 as of 06/12/18 at 0551 hours:

- 175 acres, 100% contained
- Expected Containment: 06/12/18
- · Resources continue to mop-up and strengthen control lines.

## **WEATHER OF CONCERN**

#### **Weather of Concern**

- Excessive Heat Warning conditions exist across portions of Imperial, San Diego, Riverside, Inyo and San Bernardino Counties. The potential exists for the excessive heat to continue into Thursday.
- The current warm-up peaks today and Wednesday when much of the Central Valley will see highs around the century mark.

### Weather Advisories, Watches, and Warnings currently active in California:

http://www.wrh.noaa.gov/hazardSummary/?state=ca

#### **Active Weather Warnings, Watches and Advisories by County:**

http://www.wrh.noaa.gov/hazardSummary/?state=ca&bycounty=1

## **WEATHER SYNOPSIS BY REGION**

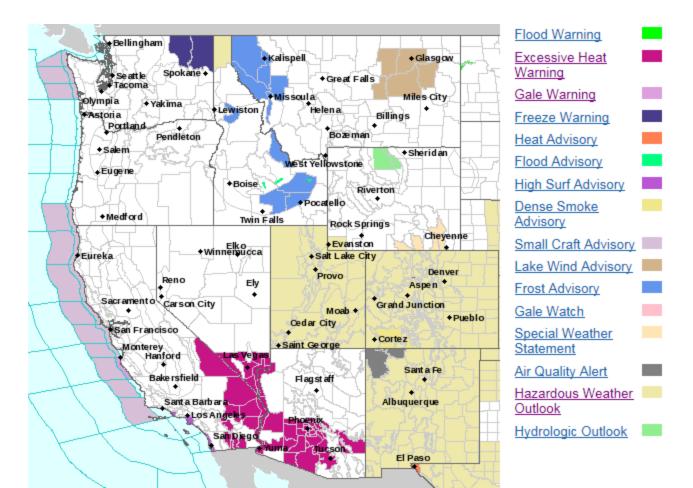

#### **NORTHERN CALIFORNIA**

Dry and warm weather is forecast for this week. The current warm-up peaks today and Wednesday when much of the Central Valley will see highs around the century mark. A gradual cooldown is forecast after mid-week as the next upstream trough approaches bringing a return of onshore flow along with synoptic cooling. A weak low pressure system will begin to move into the region on Friday and bring cooler temperatures and breezy conditions into the area through the weekend. A slight chance for mountain showers is forecast near Lassen Park Saturday.

#### **SOUTHERN CALIFORNIA**

Dry conditions will persist through at least Tuesday as strong high pressure remains in control. Temperatures will warm Tuesday into Wednesday bringing borderline excessive heat for many locations. Tropical moisture is forecast to spread northward into portions of Southern California on Thursday and Friday with an increase in mid and high clouds and an increase in humidity for the lower deserts on Thursday night and Friday. That increasing moisture will bring a slight chance of showers and thunderstorms for the mountains and deserts on Friday. An inland warming trend will begin on Sunday and continue into early next week.

## **WEATHER MAP**

## **Cal OES LAW ENFORCEMENT MISSIONS**

#### **Cal OES Law Missions**

• 2018-LAW-47212, 06/10/18, 2309 hours: IERCC reported an inReach device activation at coordinates 41 01' 46"N, 122 58' 21"W, which plots to an area between Lower Caribou Lake and Snowslide Lake, Siskiyou County. The R/O sent a text message from the device indicating that a group of seven hikers were being stalked by a mountain lion. The group stated in additional texts that they were low on supplies and had no weapons to defend themselves. They later indicated they believed there were two mountain lions in the vicinity. Siskiyou SO worked with Calif Department of Fish and Wildlife to plan for a response at first light. Siskiyou SO would also request CHP helo support. LDO coordinated with IERCC to allow the DFW Warden access to direct message the group thru their device assisting them thru the night. Update: 06/11/18, 0245 hours, The R/O texted the Game Warden advising the mountain lion(s) had departed and the group was going to remain there for the night and hike out in the morning. Per IERCC the group was going to cancel their device once they reached their vehicles. No further distress messages were received. Mission Ongoing

## **Cal OES MISSION TASKING**

#### **Cal OES Missions**

- 2018-IREOC-45244: Caltrans to remove dead and dying trees along highways in Kern, Tulare, Fresno, Madera, Mariposa, Tuolumne, Calaveras, Butte, Plumas, Sierra, Shasta, and Lassen counties. (On Scene Long-term assignment)
- 2017-SOC-44098: CalRecycle Debris Management Team in Ventura County (Coordinating)
- 2017-SOC-43821: DTSC to remove household hazardous waste from over 500 residential lots in Ventura County (On Scene)
- **2017-Inland-42559:** Weather station installed to gather real time rainfall data by Air Resources Control Board (On Scene)

### Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
